CORPORATE PARTNERSHIPS

Rewarding our community

Grace Village, Childcare Reimagined

Our early learning centre is purpose built for the Huntingwood and Blacktown area. In an industry first, our centre has redefined how childcare and early learning should be, with playscapes both on inside and outside our innovative and progressive centre.

With our brand new state-of-the-art facilities, play equipment and indoor and outdoor play areas, your staff can be assured their little ones are safe in a learning and development environment like no other.

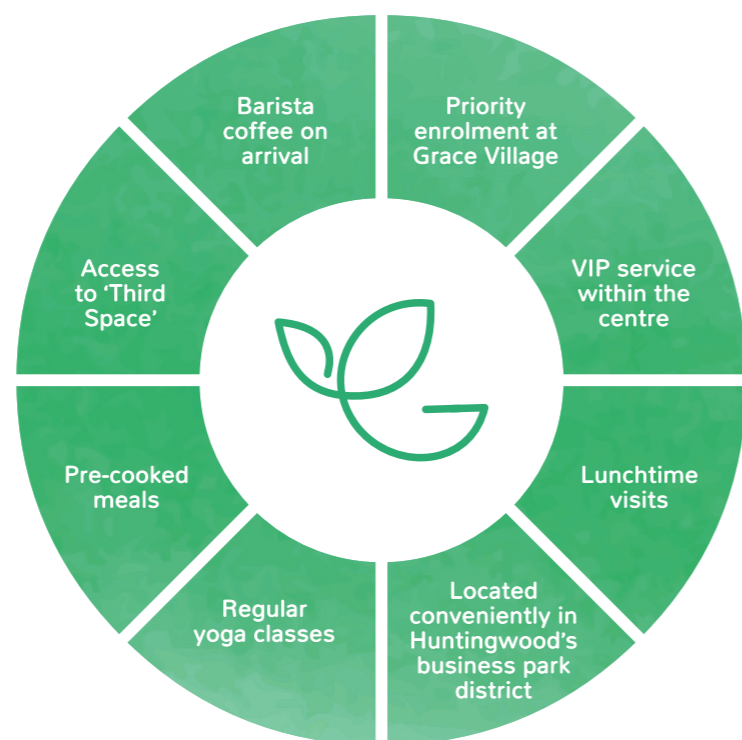

We're so much more than a child care centre

In addition to the childcare facilities, our Third Space offers shared workspace, daily free barista coffee, yoga classes and services for parents and families alike to ensure that your team have everything taken care of, and they can focus on turning up to work driven by passion and in the knowledge that their little one is receiving the best possible care and education a parent could wish for.

How can a corporate partnership with Grace Village benefit your business?

When your little ones are happy, your staff are happy, when your staff are happy...they are productive!

Grace Village offers significant benefits to the families of our corporate partners.
